RE: *FY 2018 Annual Report Supplier Diversity – Affirmative Marketing Program for Design & Construction and Workforce Reporting*

Dear Secretary Heffernan:

Attached please find the FY 2018 report for the Division of Capital Asset Management and Maintenance's (DCAMM) construction and design MBE/WBE program and Workforce Reporting.

The MBE/WBE program, also known as DCAMM's Affirmative Marketing Program, is established under M.G.L. Chapter 7C, §6, and various Executive Orders and Administrative Bulletins, including Executive Orders 559 and 565 signed by Governor Baker in 2015.

In addition to Chapter 7C, §6 and A&F Administrative Bulletins 14 and 17A together set workforce participation benchmarks on state and state-assisted construction contracts and specify construction and design data collection and reporting guidelines. Additionally, Bulletin #17A added reporting of Service Disabled Veteran Owned Business Enterprise (SDVOBE) contract expenditures and workforce reporting on each contract.

DCAMM establishes MBE/WBE participation goals on individual design and construction projects based on a statewide disparity study, as well as project-specific considerations, including scope, size, and availability of certain types of firms. The agency's maximum combined MBE/WBE goals are currently 10.4% for construction and 17.9% for design, however these goals may be appropriately adjusted downward based on project specific circumstances.

In FY18, MBE and WBE firms received nearly \$58.4 million for construction and design services from DCAMM, resulting in the agency once again surpassing established MBE/WBE program goals for payments to design and construction firms, as well as for new contract awards for design and construction services. In FY18:

- Payments to MBE/WBE construction firms exceeded goals – achieving 16.0% against the goal of 10.4%
- Payments to MBE/WBE design firms exceeded goals – achieving 42.6% against a goal of 17.9%
- Construction awards to MBE/WBE firms exceeded goals – achieving 21.1% against the goal of 10.4%
- Design Awards to MBE/WBE firms exceeded goals – achieving 23.0% against the goal of 17.9%
- Veteran-owned businesses received over \$ 4.4 million in payments in FY2018.

The Commonwealth's established goals for construction workforce participation are 15.3% for minorities and 6.9% for women. On DCAMM's projects, contractor-reported construction worker hours totaled nearly 870,000 hours on active construction projects during FY18. Currently, there are no established benchmarks for designer workforce participation on state projects, however professional women working in design comprised a much larger part of the workforce than their female counterparts in the construction trades. The FY18 Workforce report indicates:

- 3.1% of construction hours were worked by women against the goal of 6.9%, up from 1.7% last year
- 20.1% of construction hours worked were by minorities, up from 17.4% from last year and exceeding the goal of 15.3%
- Over 30% of employees that worked on design service projects were women
- Nearly 19% of employees that worked on design service projects were minorities

DCAMM is fulfilling its commitment to help minorities and women realize successful careers in the construction industry and have initiated several outreach programs to help create a pipeline of skilled workers to meet the demand for a diverse workforce.

In keeping with Governor Baker's vision of expanding opportunities for MBE/WBE and Veteran owned firms while making Massachusetts more business friendly, DCAMM continues with initiatives to make working with DCAMM easier while expanding opportunities. These initiatives include:

- Expanding implementation of online contractor certification System
- New web-based contractor and workforce reporting and data collection system for FY2018/2019
- Ongoing outreach programs to encourage more MBE/WBE and Veteran owned firms to do business with DCAMM and to encourage minorities and women to enter into construction careers.

The attached report provides additional information about these initiatives and DCAMM's Affirmative Marketing Program and Workforce tracking results for FY18.

Sincerely,

Carol Gladstone

INTRODUCTION AND OVERVIEW OF METHODOLOGY

This report summarizes performance against program goals under the Division of Capital Asset Management and Maintenance (DCAMM) FY2018 Supplier Diversity – Affirmative Marketing Program for Design and Construction, as well as workforce utilization data compiled for FY2018 from firms working on DCAMM construction and design projects.

DCAMM has had a program to expand access and opportunity for Minority and Women-owned (MBE/WBE) construction and design firms for several decades. Massachusetts General Law Chapter 7C, §6 and its predecessor legislation originally established programs first for MBE firms, then later adding WBE firms. The early program also focused exclusively on construction projects and later expanded to design services and workforce reporting.

In addition to Chapter 7C, §6, A&F Administrative Bulletins established minority and women workforce participation benchmarks on state construction contracts along with construction and design data collection and reporting guidelines for workforce participation. These bulletins also established benchmark goals for veteran-owned firm participation in design and construction contracts.

METHODOLOGY: PERFORMANCE AGAINST DESIGN AND CONSTRUCTION MBE/WBE GOALS

DCAMM establishes both its overall annual goal and specific MBE/WBE participation goals for design and construction projects based on a statewide disparity study that, among other things, determined the availability of MBE/WBE firms and the extent to which our design and construction marketplace limits participation for these firms. The following are the current goals for DCAMM projects:

<u>Total Contractor Payments to MBE/WBEs</u>	10.4% combined MBE/WBE Participation
Total Contractor Payments All Firms	

<u>Total Design Payments to MBE/WBEs</u>	17.9% combined MBE/WBE Participation
Total Design Payments to All Firms	

The goals set forth above may be reduced or waived by DCAMM prior to bidding based on project specifications, size, and scope of work, MBE/WBE subcontracting opportunities and good faith efforts.

The performance data presented here is based on these calculated ratios across DCAMM's project portfolio. FY18 spending and awards data were drawn from a combination of MMARS (the state's official accounting system) and dedicated in-house data sources used to track compliance with the MBE/WBE goals and Veterans Benchmarks (currently at 3%).

METHODOLOGY: BENCHMARKS FOR CONSTRUCTION WORKFORCE PARTICIPATION BENCHMARKS

ANF Administrative Bulletin #14 establishes the following workforce participation benchmarks on state construction contracts:

<u>Number of Hours Worked by Minority Employees</u>	15.3%
Total Number of Hours Worked by All Employees	

<u>Number of Hours Worked by Female Employees</u>	6.9%
Total Number of Hours Worked by All Employees	

TRACKING DESIGNER WORKFORCE

It's important to note that there are no established benchmarks for Designer workforce participation on DCAMM projects; however, the participation of minorities and women as a portion of the total workforce providing services on agency projects are tracked. Reporting requirements on Design contracts extend only to the Prime Consultant on the project, whereas construction workforce reporting extends from General Contractor/Prime through the lowest tiered subcontractor with labor onsite.

STRENGTHENING MASSACHUSETTS' COMMITMENT TO VETERANS

Early in his Administration, Governor Baker signed Executive Orders 559 and 565 aimed at reaffirming and strengthening the Commonwealth's commitment to an inclusive marketplace.

EO 565 directed the expansion of the statewide Supplier Diversity Program (SDP) to include a new certification category for Veteran-owned Businesses. The combined Veteran-owned and Service Disabled Veteran owned benchmark is 3%, DCAMM contracts contain this benchmark, strongly encourage participation by veteran owned businesses and the agency continues to track and report on participation

IMPLEMENTATION OF DCAMM'S FY2017-2018 STRATEGIC PLAN FOR EXPANDING ACCESS AND OPPORTUNITY

Working through Governor Baker's Office of Access and Opportunity, in partnership with SDO and other state agencies, industry groups and other stakeholders, DCAMM continues its commitment to improving access and opportunities through a number of ongoing initiatives.

2017 DISPARITY STUDY

DCAMM completed its most recent Disparity Study in December of 2017, and in 2018 DCAMM formed the Affirmative Marketing Program Working Group which included participation by the SDO. This group has been meeting and working throughout 2018, evaluating the contents of the Disparity Study, reviewing and researching relevant information and obtaining input, all with the goal of preparing a comprehensive set of recommendations to shape the Affirmative Marketing Program going forward. As part of its process, the group hosted numerous industry and governmental input sessions.

OUTREACH TO CONSTRUCTION AND DESIGN BUSINESSES

DCAMM continues to work across agencies and industries to increase engagement and participation of MBE/WBE and Veteran owned firms. In the past year, DCAMM has actively participated in a number of events to help spread the word about opportunities to do business with the agency. Examples include:

- Meetings with representatives of the Massachusetts Minority Contractor Association
- The Greater New England Minority Development Council Summit 2018
- General Contractor's MBE/WBE Training Classes - Trade Partnership Series
- Northeastern University – Supplier Diversity events
- Other trade shows/events, such as:
 - Architecture Boston Expo at the World Trade Center
 - MA Association of General Contractors
 - Associated Subcontractors Massachusetts
 - Construction Management Association of America
 - American Council of Engineering Companies

DCAMM has also helped to provide training on design and construction procurement to MBE/WBE and Veteran contractors, small businesses, and other industry participants interested in becoming certified by DCAMM to bid on public projects. A keystone of this outreach and training effort is our “Doing Business with DCAMM” (DBWD) program. Sessions were held during FY2018 in Brockton, Framingham, Charlton, Fitchburg, Nantucket, Lowell, and Holyoke. Over 400 individuals registered to attend these sessions statewide. These sessions seek to:

- Increase the pool of qualified contractors overall
- Specifically recruit new participants including small, MBE/WBE and Veteran owned firms
- Educate prospective and existing contractors/vendors on various functions of our agency and upcoming potential opportunities.

In addition to these DBWD program activities, DCAMM’s Access and Opportunity team continues to work with smaller firms to build capacity. In FY18 it undertook increased outreach, which resulted in the award of two major contracts to a newly certified MBE/WBE firm on agency’s Job Order Contracting (JOC) program. JOC is a construction delivery method that allows for efficient and expedited delivery of maintenance and repair services for smaller projects by providing for the performance of multiple projects under a single contract. DCAMM also continued its ongoing collaboration with stakeholders and other public awarding authorities on best practices for expanding access and opportunities for design and construction, including DCAMM participation with UMBA’s Design & Construction Group, the City of Lowell, and the Construction Compliance Liaison Committee established at Roxbury Community College to monitor compliance on projects taking place onsite.

MINORITY AND WOMEN BUSINESS/WORKFORCE PROGRAM

DCAMM is committed to finding and creating opportunities to help minorities and women navigate careers available in the construction industry. This is a clear “win-win” for workers, industry and governmental entities. To that end, DCAMM is working to:

- Share ideas and best practices with public and private entities to build and maintain a diverse workforce on publicly funded projects.
- Collaborate with other executive offices, such as the Executive Office for Administration and Finance, the Executive Office of Public Safety, the Executive Office of Labor & Workforce Development.
- Partner with the Department of Correction and Boston Prerelease Center along with municipal and industry partners to identify opportunities for workforce training including apprenticeships for the prison reentry population.
- Support paid internship opportunities that include mentoring and professional development to encourage inner city youth, especially young women of color to explore and pursue careers in construction.
- Participate in outreach events designed to attract high school students, especially girls, to the construction pipeline such as MA Girls in the Trades, focused on unionized trade labor.
- Educate prime contractors and designers on their obligations and DCAMM’s compliance process including its electronic MBE/WBE payments, certified payroll and workforce reporting.
- Leverage technology to facilitate communication and reporting and improve the quality and quantity of compliance-related data collected.
- Target mailings to MBE and WBE subcontractors in an effort to create access and opportunities on future DCAMM construction and design projects.
- Attend agency pre-bid meetings on an ongoing basis to inform Prime contractors of their obligations and commitment to meet MBE and WBE participation goals and Veteran and workforce benchmarks.
- Continue to provide technical support to MBE and WBE subcontractors
- Ensure DCAMM stakeholders and project managers are taking advantage of opportunities to expand the pool of opportunities for existing and new MBE and WBE contractors and design firms.

DCAMM BUSINESS PROCESS REDESIGN TO SUPPORT CONTRACTORS AND ENHANCE ACCESS AND OPPORTUNITY

Over the past two years DCAMM has modernized basic functions by implementing web-based business solutions for contractor certification, and online compliance reporting on DCAMM projects. In FY2018 The newly expanded (December 2018) online DCAMM Contractor Management System is a web-based tool that offers the following new benefits:

- Enhanced online applications with user-friendly and intuitive navigation.
- Streamlined DCAMM Contractor application process for Prime, Small Prime and Filed/Trade Sub-Bidders.
- Created single vendor account for DCAMM certification and compliance related activities for DCAMM projects.
- Improved renewal applications that can be auto-filled based on prior applications submitted.
- Simplified Amendment applications for contractors that wish to change an existing certification.
- Created convenient payment method via E-Pay Services – Allows contractors to pay certification fees immediately and funds are disbursed to the Commonwealth faster.
- Created online Application management – applicants can start a new application with a few easy clicks, save drafts, and submit when ready; real-time visibility of application status; and the ability to view and print certificates.
- Facilitated cost & Time savings – quick and easy electronic messaging regarding application questions or additional information requests with the ability for the applicant to respond electronically in the system and provide additional documentation as needed.
- Provided unlimited webinar trainings taught live by an instructor available to contractors at no cost.

The DCAMM Contractor Management System already offers the following benefits since rolled out in 2017 for prime contractors and subcontractors (many of which are certified):

- Online reporting of MBE/WBE subcontractor utilization.
- Direct Subcontractor payment confirmation.
- Real-time MBE/WBE goal exception and progress monitoring for primes and DCAMM staff.
- Online certified payroll submission and validation.
- Vendors can manage their own accounts.
- Multiple user accounts for each vendor.
- Substantial time savings for staff.
- Data is collected in a standard format.

DCAMM surpassed goals for MBE/WBE construction payments with a total of \$47.6 million (or 16.0%) paid out of \$297.3 million in total construction spend. Overall total percentage paid to MBE/WBE's increased from 13.3% in FY17 to 16% in FY18. Over \$4.4 million was paid to veteran-owned construction firms in FY2018 (Table 2).

DCAMM exceeded goals for MBE/WBE design payments with a total of \$10.8 million paid out to \$25.2 million in total design spend. WBEs continue to grow in the Design industry from 19.6% in FY17 to 27.5% in FY18 (see figure 4) in total design payments made. No self- identified Veteran-owned design firms reported payments made in FY2018.

DCAMM surpassed award goals for both design and construction. \$4.7 million was awarded to MBE contractors in FY18. Approximately \$18.5 million was awarded to WBE construction firms for a total of \$23.2 million (or 21.1% of total construction awards see Table 4). These results are almost doubled from FY17 (Figure 5). On the design side, DCAMM exceeded the MBE/WBE award goal with 23.0% participation. MBE design firms were slightly higher on the awards than WBE design firms (Table 4 and Figure 6). The significant decrease in percent awarded to MBEs and WBEs in FY18 was the result of older projects being extended and many projects being put on hold due to lack of funding. This greatly diminished the overall number of opportunities that could have been awarded to M/WBE's.

(1) For FY17 one prime design and three prime construction firms are both Minority and Women-owned and are split in the counts above for each category as follows: Design: 1 MBE, Construction: 2 MBE; 1 WBE to avoid double-counting

(2) For FY18 two construction firms are certified both Minority and Women-owned. New this year we have included firms in both M and W categories but deducted them in the total to avoid double-counting.

A total of 195 minority and women or veteran owned firms received payments on DCAMM projects during FY18 (see Table 5 and Figure 7) compared to 225 in FY17.

On the construction side, there were 113 subcontractors participating in addition to 24 primes for a total of 137 firms.

On the design side, there were 60 firms total, with 75% comprised of subcontractor/subconsultants (43) and another (17) receiving payments as prime designers.

1 Veteran-Owned firms received payment under DCAMM's construction and design Affirmative Marketing program in FY18.

Designers reported a diverse professional workforce during FY18 with over 30% women, and nearly 19% people of color (Table 6). Employees of Hispanic ethnicity made up the largest bloc of the total reported “minority” participation with approximately 35% (Table 7). Overall, during the fiscal year professional female participation on design contracts at DCAMM has decreased and minority percentages have increased significantly.

Contractors reported nearly 870,000 worker hours on DCAMM construction projects during FY2018 (Table 8). The data collected shows that nearly 3.1% of construction hours were worked by women against the goal of 6.9%, up from 1.7% last year. 20.1% of construction hours worked completed by people of color, up 17.4% from last year and exceeding the minority goal of 15.3%

Workers of Hispanic ethnicity made up the largest part of the total minority construction workforce (Table 9). At over 116,000 hours, they accounted for nearly two-thirds of all minority construction hours. African – Americans follow behind at 22% of all hours worked by people of color. Overall, hours worked by minorities experienced a significant increase in total hours worked during the fiscal year.
